SUMMARY

Motivated Junior Software Developer and BCA undergraduate (2023–2026) with hands-on experience in web application development. Completed a frontend internship working on real-world e-commerce features such as authentication, cart, and wishlist. Skilled in JavaScript, React.js, Next.js, basic Node.js, REST APIs, database handling, and Postman, with a strong eagerness to learn and grow.

PROFESSIONAL EXPERIENCE

Frontend Web Development Intern

May 2025 - Jun 2025

9Commerce Technologies LLP, Infopark

- Worked on an e-commerce web application as part of a collaborative development team.
- Implemented user authentication, add-to-cart, and wishlist functionality
- Built reusable UI components using React.js and Next.js.
- Gained exposure to real-world development workflows, debugging, and version control.

Freelance Full-Stack Web Developer

May 2025- Present

- Designed and developed responsive websites using HTML, CSS, JavaScript, React.js, and Next.js. Collaborated with clients to gather requirements, provide updates, and deliver projects on time.

EDUCATION

2023 - 2026

Bachelor of Computer Applications(BCA)

University of Calicut

CHMKM Government Arts and Science College, Tanur

KEY PROJECTS

Collaborative Online Compiler (Academic Project)

- Developed a web-based platform that allows multiple users to write and execute code collaboratively.
- Focused on real-time interaction and clean user interface design.

E-commerce Application (Internship Project)

- Contributed to frontend development of an e-commerce platform.
- Implemented authentication, cart management, wishlist, and product display features.

College Tech Fest Registration Website

- Designed and developed a website to manage online registrations efficiently.

Portfolio Website for VFX Editor

- Developed a responsive portfolio website showcasing professional work and skills.
